**Over 50 Million Records!** Automobile Owners brings you information on millions of car and truck owners throughout the US. Sourced from automobile dealerships, manufacturers, service centers, as well as requests for insurance, aftermarket products, and warranties.

**Question:** Why is the Automobile Owners USA mailing list different from other file in the marketplace?

**Answer:** Our database is compiled using multiple sources across various industries. We start with more than 150,000,000 records. We standardize, cleanse, and remove duplicate records. No other auto files uses as many sources nor do they have the technology to efficiently manage the data.

Secondly we maintain and update our file on a monthly basis. Many other auto files claim to have more records, but the problem is "historic" files don't remove old records when cars are sold. These other files will have people who owned cars years ago and will long since sold them, leaving you with old outdated data. We maintain, update and build our file "new" on a monthly basis, giving you a current "snap shot" of the owners now, and not years ago.

Automobile Owners USA is perfectly suited for: extended warranty offers, financial services, insurance, new & used auto offers, auto clubs, aftermarket accessories, and much more.
